1290 Avenue of the Americas
New York, New York 10104

Dear Ed:

I just wanted to let you know how much I enjoyed the discussion with you and Abe Biderman yesterday. I am glad we could spend a few minutes together.

I have benefited enormously from your wise counsel through the years, and I hope you will never hesitate to contact me with advice or when you think I can be helpful.

Sincerely,

Ed, you're a great friend!!

Dear Ed,

Thank you for sending me
a copy of I'm Not Done Yet!

That's good news for all of
us!

Thanks for all your help
and support. I loved
seeing you last night
at the Inner Circle - but
would have preferred seeing
you on stage. You're undoubtedly
funnier - and a better dancer!

Dear Mayor Koch / Ed -

Never have I had such
a joyous time. I don't think we
ever stopped laughing. Your love of life
is contagious and you sent everyone
home feeling a happiness and insouciance
that does not happen every day in dear old
N.Y.C.

Thank you so very much. I loved
meeting everyone there I didn't know, especially
Molly O'Neill, who is so lovely, on our ride home.
May you have a wonderful summer and don't ever change.
Best Jackie

To Mayor Ed Koch

Rosalynn & I are deeply involved in Habitat for Humanity, a non-profit benevolent organization which builds or renovates housing for low-income families - with their help & without any government funding. Habitat has a commitment from N.Y. City to acquire a 6-story dilapidated building at 742-44 E. 6th St in Manhattan. Although other similar buildings have been "sold" to benevolent groups at a token price of \$1 or so, the N.Y. Housing Commission is asking in excess of \$25,000. We would like Habitat's limited funds to be used for building materials, etc. If you could help, I would appreciate it.

Best wishes,

Jimmy

Dear Mayor Koch,

I have just received your charming letter and am pleased to know that you and New York are proud of me.

But let me present my case to you. When you have been around as long as I have, you are approached to receive honors of the most delicious sort. Honors because you are so fascinating, thrilling and brilliant. But the fact of the matter is that you - yourself - have to appear. This to me is a terrible burden. Appearing and trying to be as fascinating, thrilling and brilliant as I'm supposed to be.

Also it is true that many things are done to commemorate the brilliant work of those dear ones who are no longer with us. So, if you happen to belong to the same period as the ones who have not been able to last as long as yourself you are constantly in demand. This is apparently my lot.

My effort is to try to enjoy whatever years are left to me. I hope you understand and at the same time understand that I'm delighted to be asked but perhaps even more delighted to refuse.

Thank you - dear Mayor Koch.
